

EMERGENCY RIDE HOME PROGRAM

There are many advantages to riding a PCPT bus to work! Those important to you may include saving money, eliminating the frustration of driving in traffic congestion, or helping to reduce harmful emissions into the environment. But what if you need to work late or leave immediately?

If you use a commute option (instead of driving alone) to work at least two days per week you qualify to join the *Emergency Ride Home (ERH)* Program!

The ERH Program provides you with up to eight free taxi rides home each year in case of personal illness, family emergency or unexpected overtime.

Just complete an ERH application form available from **Bay Area Commuter Services**.
