Vacation Temporary Turn Off/Turn On

EFFECTIVE OCTOBER 1, 2007, you may elect to have us disconnect your water service, rendering it unusable, for vacation or absentee periods, with the following stipulations:

There is a \$41.00 fee to disconnect water and another \$41.00 fee to reconnect service when you return. You will be billed for service through the date that we disconnect water, but will not be billed for service after the turn-off date (provided the final bill is paid in full). Billing will only commence after service is reinstated.

ALL REQUESTS FOR SERVICE MUST BE MADE IN PERSON OR IN WRITING. NO TELEPHONE REQUESTS WILL BE TAKEN. Please allow two (2) weeks for processing by the postal service and our office. A written request could be made in the form of a FAX (fax number is listed below) or you may e-mail your request to us at the E-mail address below.

If you should forget to request reconnection before returning to your Florida home, please **DO NOT ATTEMPT TO RECONNECT WATER YOURSELF AS THIS WILL BE CONSIDERED AS "TAMPERING" AND MAY SUBJECT YOU TO A \$500.00 FINE.**

We cannot accept reconnection requests earlier than one (1) month prior to the requested date.

Have a great vacation!
